4. Project Management: Christophe Rivet

- The OUV working group has met this September, most experts were able to attend and it was a very engaged, full day session. There will be an additional meeting needed to allow for additional research and information. Outcomes of the meeting are; sub groups have been formed to discuss various topics and the group feels optimistic that the target date to have the OUV in December 2008 is obtainable. The next meeting will be on October 24, 2008 at Acadia University. Members of the Advisory Board are welcome to attend as both Stan and Beth did the previous meeting. For more information on the OUV working group please see John Johnston's OUV report.
- The archaeological work of surveying the land has begun on the dykelands. The first phase was not as successful as expected but that should not have an affect on the second phase. Expected completion date remains the same.
- The planning processes for the national historic site are going slower than expected due to internal changes in policies at Parks Canada but the target dates of completion remain possible.
- The Acadian Community has been meeting to discuss possible funding options to assist in the engagement of the Acadian Community. The request for funding for financial support to implement the Acadian community engagement is being finalized and is expected to be sent out in time for consideration in the next fiscal year. This may leave a gap of six months in actively implementing the communication and engagement strategy. Victor presented proposal to Heritage Canada as part of Society Grand Pre's larger three year plan. Heritage Canada will give an answer in the next couple weeks as to if the application should go ahead in this manner or if they want to deal with each proposal separately.
- Terms of reference for the second working group in include along with Project Manager's Report 4. The general strategy for the working group is to discuss the management of the proposed property and to develop a management system that will ensure the long-term protection of the OUV.
- Funding from ACOA has not yet been confirmed.
- First Nation community has been engaged through meetings after the OUV working group. Guidance would be required to enhance engagement.
- Chrystal and Beth began discussion if the Advisory Board should see Ronnie-Gillies LeBlanc's Presentation or other presentations on the archaeological work. The Steering Committee will discuss which presentations the board should see at their next meeting.
- A community presentation on the latest results by John Johnston and Ronnie-Gillis LeBlanc is tentatively scheduled for November 17, 2008.

*Received the Project Manager Report and Project Update
Terms of reference for Management Committee – Next Meeting*

5. Administration: Erin Beaudin

- There will be a new representative for DSWN. Liz will be joining us and Lillian will be alternative.
- Erin tabled a budget overview and outlined certain items. After Steering Committee retreat the Committee will be better able to present the budget as they are going to re-organize and re-allocate certain items.

6. Public Relations

- ICON has been engaged with the Steering Committee. A branding exercise will be held on October 22, 2008 9am to 1pm and Board members are welcome to attend.

7. Community Planning and Engagement: Chrystal Fuller

- Seamus has been working diligently on the community plan which will eventually fit into the management planning.
- Community Meeting on September 18, 2008 was very successful. The Grand Pre Community Association met and organized their association which was followed by a visioning exercise. Visioning began at 8:30pm and 44 people stayed until 10pm. Barb Kaiser spoke very eloquently, which lead the meeting in a very positive way. Some of the confusion around the UNESCO and Community Plan was tidied up and Seamus has took on new name of 'Community Planner' versus the sometimes 'loaded term' of "Heritage Planner".
- Facebook group and Newsletter are up and running in order to further engage the community. Seamus is working on liaising in the community, meeting with individuals and groups.
- Next Community Meeting, to discuss the work being done with the Grand Pre Community Association, will be held on November 27, 2008 and board members are welcome to attend.

8. Other Business

- Economic Impact Study – 475 surveys are completed, entered into a data base and sent to Brain Van Blarcom. Preliminary assessment will be presented to the Board at the next meeting. The full report will come later. Chrystal thanked the Kings CED for the role they played in the Economic Impact Study and Jenni Fetterly for spending her summer conducting the survey.
- The Steering Committee retreat will be a closed retreat held on October 20, 2008. Neil Conrad, Gérald C. Boudreau, Christophe Rivet, Chrystal Fuller and Erin Beaudin will attend to re-group, get a sense of what was accomplished this year, examine what needs to be done, consider budget strategies and look at what we can forecast for the next six months.

9. Next meeting: November 6, 2008, 1:00-4:00pm

10. Adjournment – Meeting adjourned at 1:50 pm

NOTE: The following recommendation was presented by the Steering Committee for decision of the Advisor Board:

MEMO

To: Advisory Board

From: Erin Beaudin

Date: January 27, 2009

Re: Proposed Acquisition of Trenholm Property

Background

On September 4, 2008, a presentation was made to the Advisory Board by Naomi Blanchard suggesting that there was now an opportunity to acquire suitable land for usage of visitors viewing the dykelands. The Trenholm property had been listed for sale and it was suggested that this would be an excellent location for clear viewplanes to the dykelands and for the location of interpretative information on the area. At this presentation, a Parks Canada report entitled “Grand-Pré Rural Historic District Plaque Site Selection Study” was referenced as having previously cited this property as one of the best locations for locating a commemorative area to celebrate the rural historic district. It was decided at the meeting that this report would be reviewed and that the Steering Committee would recommend a course of action.

Discussion

The Parks Canada Study examined eight potential properties for developing an area for tourists to visit and commemorate the rural historic district. In this report, one of the preferred locations was cited as the Mitchell Hill Property, also known as the Jack Allen House. This property, located adjacent to the Trenholm property, provided an “elevated panoramic view of the church, marshlands and Blomidon to north”. In terms of a sense of place, the site was noted as excellent, with an expansive landscape that promoted a better understanding of the Grand Pré District. The main drawback with the location at the time was that property acquisition was required. This drawback still remains in the case of the Trenholm property.

The Steering Committee reviewed the proposed Trenholm site and the Parks Canada report at a meeting held on January 26, 2009. During this meeting, it was clear that there was widespread support for the concept and for the principles and rationale contained in Naomi Blanchard’s presentation. Concern was, however, expressed on the timing, lack of funding and role of the Advisory Board in such a project. It was viewed that this project would be one that would be more suitable post-designation and would require a separate budget to support its development. Despite these concerns, however, there are several recommendations for the Advisory Board’s consideration.

Recommendations

1. As part of the municipal process, the Planner will give consideration to potential viewplanes protection areas and interpretation sites to celebrate and commemorate. The Steering Committee would request that the Planner consider his research, the Parks Canada Study and the potential of the Trenholm property, and make recommendations as to potential prime locations for locating commemorative and celebratory infrastructure surrounding the UNESCO designation. These locations would then go back to the community for discussion and input into the most viable option.
2. That the tourism and interpretation study scheduled to occur in the summer of 2009 include in its terms of reference how the locations identified in Recommendation 1 could be best used to meet the needs of the UNESCO designation and the community.

REPORT TO ADVISORY BOARD

SUBJECT: Community Planner Update

DATE: February 2009

PREPARED BY: Seamus McGreal

An important milestone in the development of the Community Plan is now complete with the adoption of a vision statement and six goals at a Public Meeting on January 15, 2009. Nineteen (19) community members attended this meeting and provided their comments on the vision statement and goals.

The Community Planner and the Community Association will revise the vision statement and goals to address the comments of the community members. We will also reach out to the larger community to welcome their ideas on the central issues of community growth, accessibility, and identity.

Upcoming activities:

- The Community Planner will prepare a community workbook with specific questions regarding the central issues community growth, accessibility, and identity.
- The Community Planner and members of the Community Association will aim to fill out at least fifty of these workbooks with members of the community, at kitchen table discussions, to collect and map their ideas.
- The Community Planner will hold a booth at the UNESCO project open house on February 17th, where he will present the community plan process and fill out workbooks with community members in attendance.
- In the last week of February, the Community Planner will attend a photograph display of the community, presented by the Grand Pré Heritage Society, and discuss community ideas and initiatives.
- Three Dalhousie University Masters students will prepare a Coastal Management Plan for Grand Pre and Area. They will work with the community through the community planning process and parts of their plan may integrate with the Community Plan.
