

**UNESCO World Heritage Nomination Proposal
Grand Pré Cultural Landscape**

January 2008

- The steering committee and Advisory Board continued to meet to work on the project terms of reference, proposed budget and communications strategy.
- Presentations and discussions were held with the Town of Wolfville and the Blomidon Naturalists Society
- A preliminary [Economic Impact Analysis](#) was developed by Dr. Brian VanBlarkom at Acadia University to determine the potential impact on visitation and spending that a successful UNESCO bid could mean for the region.
- The first strategy session for the development of a Community Association for Grand Pré, North Grand Pré and Hortonville was held.
- An archaeology strategy is in the process of being developed as part of the overall research strategy.
